

SauceDemo Bug Reports

BG_001: User able to proceed to checkout without items in cart

Severity: High | **Priority:** High

Steps to Reproduce:

1. Login with valid credentials
2. Go to cart without adding items
3. Click Checkout

Expected Result: System should display error asking user to add items to cart before checkout.

Actual Result: Checkout initiates and requests user information.

BG_002: Zip/Postal code field accepts invalid alphabetic characters

Severity: Medium | **Priority:** High

Steps to Reproduce:

1. Click Checkout
2. Enter alphabets in Zip/Postal Code field
3. Click Continue

Expected Result: System should display validation error for invalid zip code.

Actual Result: Checkout proceeds to Overview page.
